

Corporate Softball Fun Day/Team Builder

Your day will include:

- Equipment
- Officials to facilitate the day
- Braai Packs or selected food packages which is separate from the team build/softball day costing
- Free Water bottles for each team member after all we do not want anyone dehydrating
- A first aid kit on hand but let's hope everyone stays injury free.... Just kidding this is definitely not a contact sport
- We will create the fixtures and send out pre pack plans to get your staff motivated to be ready for the day
- Prizes for best dressed, furthest male hit of the day and furthest female hit of the day.
- Drinks will be on sale at club prices
- 4 Hours of fun and trust us, you will most certainly know you have done some exercise.

This is a sport for everyone irrespective of your level or age and whether you are the latest comrade's marathon runner or a couch potato, there is space for all. It's a great ice breaker to get departments working together and allowing each staff member whether a manager or factory worker on the same level building comradery.

Cost is dependent on how many staff members you will be bringing to the ball field. For more information contact Michelle White on secretary@kznschoolssoftball.co.za

All fund raised are directly placed into the development of our sports at a school level. We have registered as a non-profit organisation and there is a possibility you could get a tax rebate.

Here are some rules which will be administered by our qualified umpire:

1. Underarm throwing from the adult distance which we use in our games.
2. 12 inch Soft touch balls to be used only (no hard balls)
3. Catchers must wear a mask – we will supply this
4. 10 people per team = 4 in the outfield (boy/girl/boy/girl) and 6 the infield which consists of one pitcher (man), one catcher (female), first base, second base, short stop and 3rd base (2 men and 2 women).
5. No stealing from base to base is allowed. The runner can only advance on a hit to the next base.
6. Any balls in the air (fly balls) have to be caught or dropped before the runner can advance to the next base.
7. Each team bats once through and fields once through and then swops. Depending on the time of the game we can go repeat this until the game is over. For example you may want each game to last 45 minutes or 1 hour. We would not recommend longer than an hour

Prizes – we suggest you create prizes for best dressed teams, home run derby which we can organise, best spirited team etc etc.
